Dear Parent / Carer

## Ugandan Climate Change School Twinning Project, Year 5

Children in Year 5 will take part in the Ugandan Climate Change School Twinning Project, run by Keep Wales Tidy.

The children will join in a workshop that focuses on what climate change means, the activities that cause greenhouse gases, how they cause our planet to get warmer and the impacts that are being seen in Wales and Uganda. The project will continue with some investigations into potential solutions.

We will share ideas with each other by exchanging videos between schools, starting with a short video to give a snapshot of a typical day in our school.

Please complete the form below and return to school as soon as possible to indicate whether or not you give consent for photographs and videos of your child to be shared in this way.

Thank you for your continued support

Mr Edwards and Miss Williams

I give consent for photographs and videos of my child ..... (name)

..... (class), to be shared with Keep Wales Tidy and a school in Uganda, as described.

Signed .....

Print name .....
