General Data Protection Regulations (GDPR)

I have read the school's privacy notice (available on the school website and on request) and understand that the school will collect and process information. Some data will be shared with the Welsh Government and the Local Authority.

Other organisations which may share certain personal information include:

- Management Information System (Teacher Centre)
- Teachers' tracking tools (Incerts and GL Assessment)
- School's cashless canteen system (ParentPay)
- Curriculum-based software suppliers selected by the school
- School's text messaging service (Teachers2Parents)
- School's photography provider (Colorfoto)

I agree that data can be collected, processed and shared as described.

Sharing Information with Outside Activity Providers

The school is required to supply the provider of an outside activity or visit with information on a pupil's additional learning needs and/or medical needs where those needs significantly affect the ability of a young person to take part in the activity. This information is provided to ensure the safety of all pupils and to maximise the benefit received from the activity or visit. The provider of the activity or visit is instructed to destroy this information following the activity or visit in question, in line with the GDPR.

I give permission for information regarding my child's additional learning needs and/or medical needs, where appropriate, to be passed on to the activity or visit provider on the understanding that it will be destroyed following the activity or visit.
